

# Lilith's Child

## Theatres des Vampires

You are the Lilith should born by a sacrifice  
Under a full moon... rites of black masses  
The purity of the sin will show out  
When the Antichrist's advent will be near

The mark of the beast will be imprinted on us Everyone will become its children in his kingdom of darkness

He will hammer the thorns of the crown in the skull of Christ  
and the blood of God will come again and for the last time spilled

before falling in the domination of Lilith's child...The wolves celebrate your birth! Rise from hell!!! Raise!  
Slaughter of christians snatch snatch their hearts

Burn their bodies on the crosses

Sodomize their brides! Impale the priests holocaust!"Comme les anges a' l'oeil fauve... Je reviendrai dans ton  
akove

Et vers toi glisserai sans bruti... Avec les ombres de la nuit.  
E je te donnerai, des braisers froids comeee la lune

Et des caresses de serpent ... Autour d'une fosse rampant"You are the Lilith child... born by a sacrifice  
Under a fullmoon your revenge will be completed!Caput mortum, signo Lilitu, impereti tibi! Sanguis vita!

Sigillum Lilitu!

In nomine mater nostri Lilitu regina immortalis humana nocturna!
