## Sonny Double 1

(I need a one dance  
I i i need a one dance)

Grip on your waist  
Front way back way  
You know that i don't play  
Streets not safe  
But i never run away  
Even when im away

OTI OTI there's never much love when we go OTI  
I pray to make it back in one peace  
I pray i pray

That's why i need a one dance  
Got a Hennesy in my hand  
One more time for i go  
Higher powers taking a hold on me

(Baby i like your style  
I need a one dance i i i need a one dance)

Strength and guidance  
All that im wishing from my friends  
Nobody makes it down my ends  
I had to bust up the silence  
U know u gotta stuck by me  
Soon as the text reply me  
I don't wanna spend time fighting  
We've got no time and that's why

That's why i need a one dance  
Got a Hennesy in my hand  
One more time for i go  
Higher powers taking a hold on me

That's why i need a one dance  
Got a Hennesy in my hand  
One more time for i go  
Higher powers taking a hold on me
