

New Moon (The Meadow)

Alexandre Desplat

Strip this pain
you left me with
crave me still
I'm screaming out your name
Free me from
this forsaken road
erase my fears
of living my life aloneescape the rain,
run to me,
cradle me,
yearn for me,
can you hear my cries,
escape the rain,
how do I escape the rainkeep me alive,
revive my love,
I need you,
whisper my name.
break down these walls,
uncloud my day,
help me breathe,
don't give up on me now.escape the rain,
run to me,
cradle me,
yearn for me,
can you hear my cries,
escape the rain,
how do I escape the raincan you heal this wound
from bleeding inside
inside x 3escape the rain,
run to me,
cradle me,
yearn for me,
can you hear my cries,
escape the rain,
how do I escape the rain
