Democracy

Papas Da LÃ-ngua

Believing the lies defines American
They don't realize their ignorance and sin
Democracy ain't real, it's a fairytale
Anarchy now then spend the night in jailI won't pretend that it ain't wrong
I won't just go along
Humanity is deseased
And the sickness has increasedFor the people, by the people
Who's considered people anyway?
The rich get richer and the poor get poorer
So much for equal opportunity
