

Sweet Holy Honey (feat. Xavier OmÃr)

Sango

Tryna do it the right way
I waited for you
I asked you a question
Of which we were destined
With your reply
It's been hard
Have you ever seen yourself in a mirror
See I've been holding back
I've been wanting that Sweet holy honey
Oh, sweet holy honey
It's drippin' from your lips
Every little kiss
Sweet holy honey
Yea
Sweet holy honey
It's drippin' from your lips
Every little kiss
Wait for it
I've been thinkin' bout you
Thinkin' bout you night and day (Yea)
I've been thinkin' bout you
Thinkin' bout you night and day (Baby)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
(If I'm honest with myself) (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
Tryna do it the right way
That's how you know I love you
The way you wear that gown is a countdown
Sweet holy honey Sweet holy honey

It's drippin' from your lips
Every little kiss
Sweet holy honey
Yea
Sweet holy honey
It's drippin' from your lips
Every little kiss
Wait for I've been thinkin' bout you
Thinkin' bout you night and day (Uh)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay)
I've been thinkin' bout you
Thinkin' bout you night and day (Ay) I respect who you are
And out of respect to our God
You and I
Will be pushin' aside
All these deep desires
(Holy)
(Holy)
(Holy)
(Holy)
