

# Bring It On

## Gomez

If I was inordinately different to what you say

I'd lie, I would lie

If you could release me now

You know that I won't hesitate

To lie, I would lie Bring it on, make it right

Bring it on to the light

Pick me up satellite

If it's wrong, make it right Indecipherable gibberish kind of guitar If I lied and told you they were difficult or  
hard to take

I'd lie, I'd still lie

If you try to please me now

You know that I won't remonstrate

But lie I would lie Bring it on, make it right

Bring it on, to the light

Pick me up, satellite

If it's wrong, make it right We like quiet nights on the island

Read by patterned stars round our head

We can reach new heights in this island

We're dragged slowly to our feet Bring it on, make it right

Bring it out, to the light

Pick me up, satellite

If it's wrong, make it right Bring it on, make it right

Bring it out, to the light

Pick me up, satellite

If it's wrong, make it right If I was inordinately different
