

# Floorfiller

## A-teens

Floorfiller, floorfiller, floorfiller  
Hey Mr. DJ, in case you forgot  
I came to get down, so you better make it hot  
'Cause I can't jump around when I hear groove killers  
When I'm out sitting down, it's a clear time stealer  
Give me a track with a phat kind of beat  
A groove so unique that it kicks me off my seat  
'Cause I won't find a mood with a new spine chiller  
When the crowd hits the room, it's a true crowd thriller  
Freeze, better make it hot  
Music please, blow the spot  
Play that funky music  
That is how we want it, floorfiller  
That is how we need it, floorfiller  
Something's outta order, people in the corners  
Don't you see it, can't you feel it?  
Floorfiller  
Crank up a bass that can raise up the roof  
A bomb diggy drum comin' at me with a poof  
Gotta boom, shake the room 'cause we're all heat seekers  
With a jam that can slam down the walls, mindfreaker  
Freeze, better make it hot  
  
Music please, blow the spot  
Play that funky music  
That is how we want it, floorfiller  
That is how we need it, floorfiller  
Something's outta order, people in the corners  
Don't you see it, can't you feel it?  
You know by the sounds when the crowd is getting wild  
Hands swinging high like a chopper in the sky  
But a slow bump or flow ain't the way, floor freezer  
See the name of the game is to play, crowd pleaser  
Freeze, better make it hot  
Music please, blow the spot  
Play that funky music  
That is how we want it, floorfiller  
That is how we need it, showfiller  
Something's outta order, people in the corners

Don't you see it, can't you feel it?  
That is how we want it, floorfiller  
That is how we need it, floorfiller  
Something's outta order, people in the corners  
Don't you see it, can't you feel it?
