

# Awaken The Giant

## Stratovarius

I'm staring at the wall  
Sick and tired of all  
Manic depression makes me small  
It makes me crawl  
I need some peace of mind  
The pressure makes me blind  
The labyrinth of pain  
The exit I must find  
It's all inside of me  
The answers lie within  
And all that I can win  
I take for myself  
I'm the one who holds the key  
To all that I can be  
My spirit yearns for truth  
It's learning to be free  
Through the years  
I was doing things the wrong way  
But now I've changed  
It is time to say  
Awaken the giant  
Don't let it sleep  
Awaken the giant  
Look deep within  
I won't give up the fight  
Until I see the light  
I won't give in  
To the gloominess of life  
The end is in my sight  
In the middle of darkest night  
I see my future's bright  
I'm reaching for new heights  
Through the years  
I was doing things the wrong way  
But now I've changed  
It is time to say  
Awaken the giant  
Don't let it sleep  
Awaken the giant

Look deep within  
Awaken the giant  
Don't let it sleep  
Awaken the giant  
Look deep within  
Awaken the giant  
Don't let it sleep  
Awaken the giant  
Look deep within  
Awaken the giant  
Don't let it sleep  
Awaken the giant  
Look deep within
