Natalie

Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy energy[Chorus x2]
Boy, I'm digging on your energy (Energy)
And I'm digging what you telling me (Telling me)
So I wrote this little melody (Melody)
And dedicate it to my favorite loverI'm lying in bed
There's thoughts in my head
I'm thinking 'bout you
Over and over and over and over again
What can I tell you, you got me so twisted
Tossing and turning
Over and over and over and over again
So I wrote a song tonight (Tonight)
you motivated me to write(To write)
Tell me is it cool tonight (Tonight)
To let you know what's on my mind[Chorus x2]Rain or shine sleet or snow
Couldn't stop the way we flow
Welcome to my miracle
And I'm digging on your lyrical
Your melody is my remedy
Lemon squeeze to my Hennessey
The one to call when I slip and fall
Candy coated tendency
Just make a wish and lets make it o-fish
Back with your boy Baby Bash with some heavenly bliss
Because your kisses on my lips, girl I'm ready to roll
With so vicious and Bubblious, the energy's throwed[Chorus x2]Boy, you know that I dig you
I fell in love when I met you
I love the way you make me feel
Your energy is something real (Fosho)
Boy, I love the way (I love the way)
You make me feel (You make feel)
there's something Ã¢??bout you loving me
Can't do without your energy[Chorus x2]Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy energy
