

46 Days

Phish

Leigh Fordham sold me out
46 days and the coal ran out
Please come round here another day
Sit yourself down when you're ready to stay
She dug down when they took the town
Lookin' for clues but they couldn't be found
Leigh found out she was ready to roam
47 days and the coal came home
Taste the fear, for the devil's drawing near
Taste the fear, for the devil's drawing near
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
Leigh Fordham sold me out
46 days and the coal ran out
Please come round here another day
Sit yourself down when you're ready to stay
She dug down when they took the town
Lookin' for clues but they couldn't be found
Leigh found out she was ready to roam
46 days and the coal came home
Taste the fear, for the devil's drawing near
Taste the fear, for the devil's drawing near
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out
46 days and the coal ran out

46 days and the coal ran out
