

Something Good Can Work

Two Door Cinema Club

There's a spanner in the works you know
You gotta step up your game to make to the top so go, oh
Got a little competition now, you're gonna find it hard
To cope with living on your own now, uh, oh, uh, oh Let's make this happen, girl, you gonna show the world
That something good can work and it can work for you
And you know that it will Let's get this started, girl, we're moving up we're moving up
It's been a lot to change but you
Will always get what you want Took a little time to make it a little better
It's only going out, just one thing and another, you know, oh, you know, oh
Took a little time to make it a little better
It's only going out, just one thing and another, you know, oh you know, oh Let's make this happen, girl, you
gonna show the world
That something good can work and it can work for you
And you know that it will Let's get this started, girl, we're moving up we're moving up
It's been a lot to change but you
Will always get what you want Let's make this happen, girl, you gonna show the world
That something good can work and it can work for you
And you know that it will Let's get this started, girl, we're moving up we're moving up
It's been a lot to change but you
Will always get what you want Let's make this happen, girl, you gonna show the world
That something good can work and it can work for you
And you know that it will Let's get this started, girl, we're moving up we're moving up
It's been a lot to change but you
Will always get what you want
