

Ride The Lights

Morningwood

Remember our first love?
We will always have Zack Rice
We would both lift up our shirts
Kissed him once you kissed him twice

Tell me stories of myself
That I don't remember
I was too drunk or too young
Of that I can be sure

And when you come to see me,
You will ride the lights alone
And you'll turn with every change

And I can't wake you up
Due to your prescriptions
Tell them all you were on track
To distract your addictions

And when you come to see me,
You will ride the lights alone
And you'll turn with every change
When you burn all your bridges,
You will have to fight alone
It's a good thing you can swim
It's a good thing you can swim
