Swingin' a Go-Go

Stiv Bators

(Cabaniss)
i'm afraid it's all confused
none of us knows what to do
take me and divide by two
look at me i look at you
you ask me why i tell you i don't know
ask me why i'm, feeling so so
let's all go swingin' a go-go
tear it up don't be shy
all i want is you tonight
violins and sax for two
smile when they take you goodbye
