Love Like Mountains

2 Skinnee J's

chorus
love like mountains
i keep on climbing up and falling downit's happening again
the lack of oxygen
as i approach the precipice
but i can't get over thischorusfrom up here it seems so small
no consequence at all
and i keep thinking i'll reach the top
til i hit the edge and dropchorusevery last time's like hitting rewind
reset my mind and lately i find that
every last time's like hitting rewind
reste my mind, still i find thislove like mountains
