Lessons

S O H N

Of lessons learned, of lessons learned
Of bridges burned, of bridges burned
This time I'll do things differently
This time I'd like to need you lessI'm struggling, I'm struggling
I've given in, I've given in
This time I'll keep an overview
This time I'll keep away from you
This time I'll keep away from youOf lessons learned, of lessons learned
Of bridges burned, of bridges burned
This time I'll do things differently
This time I'd like to need you lessI'm struggling, I'm struggling
I've given in, I've given in
This time I'll keep an overview
This time I'll keep away from you
This time I'll keep away from you
