

# Lessons

## S O H N

Of lessons learned, of lessons learned  
Of bridges burned, of bridges burned  
This time I'll do things differently  
This time I'd like to need you less I'm struggling, I'm struggling  
I've given in, I've given in  
This time I'll keep an overview  
This time I'll keep away from you  
This time I'll keep away from you  
Of lessons learned, of lessons learned  
Of bridges burned, of bridges burned  
This time I'll do things differently  
This time I'd like to need you less I'm struggling, I'm struggling  
I've given in, I've given in  
This time I'll keep an overview  
This time I'll keep away from you  
This time I'll keep away from you
