

# Memories

## Lion's Ambition

Richard-

So much for stories  
So much for memories  
But I(â€™ll) remember you  
Iâ€™ll remember

So much for stories  
So much for memories  
But Iâ€™ll remember you  
Iâ€™ll remember you

Feels like a dream  
And I donâ€™t care  
If I donâ€™t wake up wake up from this  
Cause even if you are gone Iâ€™ll care  
and Iâ€™ll remember remember

How could I let it go  
When all our memories

(Frankie)  
(bring me back to the time  
when you and I took shots  
of life so hard weâ€™re chasing with dreams)

Iâ€™m like a photograph  
You have instilled in me

(Frankie)  
(A picture thatâ€™ll never change over time  
cause the moment that was captured  
will be framed in my mind)

So much for stories  
So much for memories  
But Iâ€™ll remember you  
Iâ€™ll remember

So much for stories  
So much for memories

But Iâ€™ll remember you  
Iâ€™ll remember you

(Frankie)

(They say the best things in life  
always come for free  
but honestly my own prime?  
was my enemy  
you was a perfect fit  
how could I complain on that  
our time is up  
but yet still I feel too attached

Iâ€™m feeling empty even though  
I know I filled my tank  
Too many what ifâ€™s  
Still tryinâ€™ to fill the blanks  
Too many good times  
Still tryinâ€™ to give you thanks  
Too many rookie mistakes  
Tryinâ€™ to up the ranks

Iâ€™m tryinâ€™ to pull myself up  
Because Iâ€™m on the ledge  
wanna keep us together  
Needle and the thread  
I feel the space between  
This is all pretend  
How do I see you the same  
Treat you like a friend

Too many times to say â€œhold onâ€•  
Till you feel itâ€™s gone  
How do you hold on  
Hugging you through my phone  
I know we still stay in touch  
But yet I feel alone  
I wish we were here together  
Keep you at home)

So much for stories  
So much for memories  
But Iâ€™ll remember you  
Iâ€™ll remember

So much for stories

So much for memories [yea]  
But Iâ€™ll remember you [you]  
Iâ€™ll remember you [uh uh]

[Marlon]

[I wish the good times could last forever  
swear we got tales we could tell our kids  
and theyâ€™ll pass in the future and carry on  
so forever what we did right here still live  
it happen so fast  
but what a blast  
made a canvas out of city  
as we painted the town  
we stepped on some dangerous ground  
could of been jail time  
thatâ€™s when we learned  
I filled the dream come with land mines

You know the saying  
No risk no reward  
You talk truth  
But that bullet is hard to bite  
We hungry for success  
But when reach that fork in the road  
It seems I loss all appetite but then  
Old photo albums help me get the smile again  
And relive the joy  
And feeling like child again  
Itâ€™s a story of our life  
It ainâ€™t over yet  
But Iâ€™m sad to say  
This is where the chapter ends]

So much for stories  
So much for memories  
But Iâ€™ll remember you  
Iâ€™ll remember

So much for stories  
So much for memories  
But Iâ€™ll remember you  
Iâ€™ll remember you

So much for stories  
So much for memories

But Iâ€™ll remember you  
Iâ€™ll remember

So much for stories  
So much for memories  
But Iâ€™ll remember you  
Iâ€™ll remember you

---
