# Down

## Asher Monroe

Why do some people like pain?
And how come some things never change?
Why do I always seem to find the same girl?
Why do I do it? How do I do it?
I guess my karma just ain't right
Cause when it comes to love I try,
But I can't seem to get it right, lately, babyCHORUS:
I started writing you a love song
But baby now the love's gone
So I just wanna close my eyes
And watch it all disappear (disappear)
so this is not a love song (this is not a love song)
Cause baby now the love is gone
I just wanna close my eyes
And watch it all disappear (disappear)Somebody hold me down
Somebody hold me now
Somebody hold me down
Somebody hold me now, now, nowI used to be the type of guy
To find the girl and keep the girl
But these days I find the girl
And can't wait to leave her
I walk around in another town
Like I must be her first {?}
Just don't make sense, noAnd it's a shame you just might bid one girl on all my dreams
And right now I'd do anything to get you back home, my dear
And sorry isn't good enough for you, it seems
I got herCHORUS:
I started writing you a love song
But baby now the love's gone
So I just wanna close my eyes
And watch it all disappear (disappear)
so this is not a love song (this is not a love song)
Cause baby now the love is gone
I just wanna close my eyes
And watch it all disappear (disappear)Somebody hold me down
Somebody hold me now
Somebody hold me down
Somebody hold me now, now, now
