

# Texas Guys

[Debby Ryan](#)

A cowboy hotty put a rope around my heart,  
And everything was awesome at the start,  
Then he kissed a bleach blond waitress,  
And I saw through his disguise.

Oh I've had it up to here with those Texas guys.

I got stuck in the football jock he tackled me with the swagger and the twenty texas  
he asked me out in the hole drill team and I saw through out all his lies now I've had it up to hear with those  
texas guys

So now I'm here in NYC,  
Gotta find a guy who's only into me,  
The lone star state is great,  
But I said my debise.  
I've had it up to here with those Texas guys,  
Oh I've had it up to here with those Texas guys.
