Hold Me Now

The Polyphonic Spree

He started the day with a mood and a shake
He was finally arranged
And someone said with a cold, hard chest
"You're a mess"He woke up at nights
He thought he was twice
He was moving away
'Cause everyone thinks
That it goes away with ageHold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new ageHold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new ageYou better be cool at the timeHes walking along with his soul in his lungs
Ya stare at him long you can find a new song
Everyone thinks they've got a new phrase
But you're still miles away, you're still miles away
I said, "You're still miles away"Hold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new ageHold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new ageHold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new ageHold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new ageHold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new ageHold me now dont start shaking
You keep me safe don't ever think
You're the only one when times are tough
In your new age
