Make Me Whole

Kyla

Darlin' I want you to listen
I stayed up all night so I can get this thing right
And I don't think there's anything missin'
Coz a person like you made it easy to do
I've waited for so long
To sing to you this songCHORUS
Coz your eyes are the windows to heaven
Your smile could heal a million souls
Your love completes my existence
You're the other half that makes me whole
You're the only other half that makes me wholeI think the angels are your brothers, yeah
They told about me, said "you're just what she needs"
And I find myself thanking your mother
For giving birth to a saint
My spirit flies when I say your name
If there's one thing that's true
It's that I was born to love youCHORUSYou make my dreams come true over and over again
And I honestly truly believe
That you and me are written in the stars
I'd live my whole life through
Just giving thanks to you (?)CHORUS
