

Whisky

La puta electrica

You are my whiskey
I'll make you mine
I can just taste itAll of these shot boys think I'm divine
But I don't want to waste itThey're like a second but you're like a day
 yeah I used to hit it then go on my way
 boy I get so tipsy with you on my mind
I like the whisky with my nursery rhymeThrow it back
 Sip it slowYou're on the top shelf
 And I'm looking up
 Perfectly craftedBartender tell me
 What's in that cup
Yeah I got to have itI know you won't burn when I drink my glass
 I know how to drink it I learn pretty fast
 so take me to bed, babe, and I'll close my eyes
 yeah I like the whisky with my lullabyThrow it back
 Sip it slow
 Throw it back
 Sip it slow
