

Galley Boys

Sinkane

When we were younger it was easy
To find time and time again
Now I call you to help us both remember
And I havta call again
If we have to try
Maybe we'd better try
Now, I don't know
What we're doin' together
(You know I don't know)
When I see you on the street
(Just walkin' by)
And you tell me you're just
"Hangin' out forever"
(Well, "hangin' out," how?)
Man, it's difficult to see
I know at times
We all lose our ambition
But you seem lonesome and afraid
And I don't know that
You'll ever get yourself together
Or if anything will change
If you have to try
(I know you don't know)
Maybe you'd better
