For Always, Forever

Every Avenue

Another late night driving around
We're losing sunlight so we head downtown
To Woodward, off Charlotte Street
The old place that we used to meet
We were young and we lived it up
But those nights never lasted long enough
Looking back, we're so naive
What happened to the days when we shared our dreams?
If I could go back now
I wouldn't change a thing
Oh, it feels so good to say
Guess we made it this far, guess we're doing all right
Looks like we made it out alive
Yeah, we made our mistakes but we followed our hearts
Even though we drift apart
For always, forever
Weathered yellow still frames in my head
For always, forever
The sunrise would beat us to sleep
We didn't wanna go home so we slept on the beach
Oh, the summer never felt so sweet
I still feel the sand underneath my feet
The memories of the nights that faded
I don't know how the hell we made it
Looking back, we had everything
Those were the days when we shared our dreams
If I could go back now
I wouldn't change a thing
Oh, it feels so good to say
Guess we made it this far, guess we're doing all right
Looks like we made it out alive
Yeah, we made our mistakes but we followed our hearts
Even though we drift apart
For always, forever
The secondhand kiss of a summer night
For always, forever
Even though some time has passed
And we've gone our separate ways
No matter how far apart

We'll always have our memories
If I could go back now
I wouldn't change a thing
Oh, it feels so good to say
Oh, it feels so good
Guess we made it this far, guess we're doing all right
Looks like we made it out alive
Yes, we made our mistakes but we followed our hearts
Even though we drift apart
For always, forever
Endless copper street-lamps on my mind
For always, forever
At Woodward off Charlotte Street
