

# Sacred (Vibora Park Mix)

## Erasure

We close our eyes and fantasize  
To see what dreams will come alive  
Our created energy runs through  
When we connect our consciousness  
Make our love the guiding light  
And I am met in every part of youNever feel that you're alone  
Hold on tight and I'll be strong  
In spite of all the things we've done  
Our love is allSacred  
Whoa, whoa, whoa  
Sacred  
Whoa, whoa, whoaWe pray for love and deeper meaning  
Holding our emotions in  
But only keep us prisoners inside  
We let our minds and hearts release us  
Pure intentions sets us free  
And there is nowhere left for us to hideNever feel that you're alone  
Hold on tight and I'll be strong  
In spite of all the things we've done  
Our love is allSacred like a thousand stars  
Sacred when I'm in your arms  
Oh you keep me safe from harm  
Our love is allThis is all we have in the end  
All we have in the endSacred  
Whoa, whoa, whoaNever feel that you're alone  
Hold on tight and I'll be strong  
In spite of all the things we've done  
Our love is allSacred like a thousand stars  
Sacred when I'm in your arms  
Oh you keep me safe from harm  
Our love is allSacred
