

# Talk Is Cheap

Miley Cyrus

Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo, woohoo  
Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo, woohoo I'm alone, it's just me  
And I'm watchin' TV  
And I'm always, oh so bored at home I get up, I get out  
Drive my car way downtown  
Keep on calling, but you're never around See my friends out tonight  
Under these city lights  
In the club 'til someone starts a fight And we get in the car  
Still don't know where you are  
So pissed off, always hangin' around And I'm so tired, you're fired! I'm so jealous, restless, relentless  
That's just me  
I'm so crazy lately  
Come on, let it be Don't make me beg for the things I need  
You know what they say  
Where there's a will, there's a way  
Lies are free, talk is cheap  
(Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo, woohoo) Now we're out in the street  
And we're sweatin' the heat  
And we move with the traffic and the beat I don't care if you choke  
When you light up your smoke  
It's the one thing I can't call my own It's so tragic, I'm so manic! I'm so jealous, restless, relentless  
That's just me  
I'm so crazy lately  
Come on, let it be Don't make me beg for the things I need  
You know what they say  
Where there's a will, there's a way  
Lies are free, talk is cheap Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo, woohoo  
I'm so tired, you're fired! I'm so jealous, restless, relentless  
That's just me  
I'm so crazy lately  
Come on, let it be Don't make me beg for the things I need  
You know what they say  
Where there's a will there's a way  
Lies are free, talk is cheap Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo, woohoo  
Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo  
Talk is cheap  
(Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo, woohoo)  
Aye, aye, aye, aye, aye, aye, ah-ah, aye, woohoo, woohoo  
Ya, lies are free, and talk is cheap
