Freedom Run

Freedom run
Freedom run
Freedom runFree to run
Free to run
Free to runFreedom run
Freedom run
Freedom runNo break through
I steal for you, I need you
And there's nothing you can do, yeahWalked hundred miles of desert sun
To grasp the chance that I'll be gone
Be one with you, yeahFreedom run
Freedom run
Freedom runWell, I'll break through
Well, I steal for you, well, I need you
And there's nothing you can do, yeahNo form in past, I hope you last
You're in my grasp
I loved you, oh yeahFreedom run
Freedom run
Freedom run
Freedom run
