

Loose Cannons

Square One

Yo man, I don?t think they heard you
Won?t ya tell 'em what your name is? Dr. Dre
Daz, Kurupt

Yo man, I don?t think they heard you
Won?t ya tell 'em what your name is? Dr. Dre
Daz, Kurupt

Yo man, I don?t think they heard you
Won?t ya tell 'em what your name is? Dr. Dre
Daz, Kurupt

Yo man, I don?t think they heard you
Won?t ya tell 'em what your name is? Dr. Dre
Daz, Kurupt

Aight everybody get on the ground right now
Yeah, this is not your money

This is insured by the federal government

So this is not your money, don?t move

Don?t be a hero, and you won?t get blown

The fuck up right now

Yeah, aight y'all we got three minutes

Startin' now let?s keep it rollin'

Hit the bank from the back

Double the trouble, forcin' my entry

The first nigga that I saw, shot him in the jaw

Xzibit started stompin' him and so did we

(Get down bitch)

Aww shit, about time we started dumpin' on security

High society, takin' what?s mine

Snatchin' each purse after purse for every nickel and dime

Premeditated created by the scorn and the hate

But I made ma, the big time, lights and the shine

It?s a full scale war, everybody bear arms

Wear body armor, national arms

Dip away to get away, sirens alarms screamin'

Yellin' out, hell demons of war

Hell hounds that surround the wells Fargo browns

No tomorrow, hollow, harness rounds

Take a sip of your Perrier

To pay, I?ma dump like a dump truck, scramble to make my escape

Dat nigga Daz, shootin' so nothin' else come in

I'm shootin' in the opposite direction, we closed in
Shells spread nigga because we can do the work
First things first like snoop, I'ma shoot the clerk
And I did, now it's time to split get nigga get
(Let's go)
Dumpin' and shoot the hostages
Soopafly outside in the ride
'Bout to start shootin' everything that he see outside
Loose cannons, face covered with bandannas
Chrome pieces, mother fuck the police
It's everybody killers on mine
If I ever get caught for crime, won't be doin' federal time
Loose cannons, face covered with bandannas
Chrome pieces, mother fuck the police
It's everybody killers on mine
If I ever get caught for crime, won't be doin' federal time
