Jesus Is Calling

Crowder

Jesus is calling, calling, calling night and day
And you will hear Him if you'll just pray
He's calling for you, so don't turn away
Jesus is calling, calling, calling night and dayWhen your soul is weary
It seems you've lost your way
Jesus is calling, calling night and day
When you need a friend to go with you all the way
Jesus is calling, calling, calling night and dayJesus is calling, calling, calling night and day
And you will hear Him if you'll just pray
He's calling for you, so don't turn away
Jesus is calling, calling, calling night and dayIf you're lost in sin
There's no need for you to stay
Jesus is calling, calling, calling night and day
If the night is dark, you will soon see the day
Jesus is calling, calling, calling night and dayJesus is calling, calling, calling night and day
And you will hear Him if you'll just pray
He's calling for you, so don't turn away
Jesus is calling, calling, calling night and day
