A Shot In the Dark (Live In Switzerland)

A Day to Remember

Lets take them back to the days
When we were family
My breath was your breath, when we were young
I think it's funny how the times have changed
Throw being jealous in the mix
And now all I know of you is a name
Couldn't have came at a better time
This ends right nowWe gave all of ourselves
To entertain you
Were only hurting usWe gave all of ourselves
To entertain you
We're only hurting ourselvesI'm a god amongst the ants and your girlfriends
And you act like you don't even know
'Cause you haven't been here for too long
I called this right from the start
I turn my back for one second now all I hear is a shot in the dark
Use my name like you know me
You're all the sameKeep running your mouth
Keep running your mouthWe gave all of ourselves
To entertain you
We're only hurting usWe gave all of ourselves
To entertain you
We're only hurting ourselves
Hurting ourselves, hurting ourselves, hurting ourselvesMark my words, we're taking over the world
Mark my words, we're taking over the world
Mark my words, we're taking over the world
Mark my words, we're taking over the world
