Fathom

Jef Drawbaugh

What should I care
If I should drown
Deep in the sea
There is no one but me

Open my eyes
No stars, no sky
Nothing to fear
Now I know why I'm here

Chorus
Fathom sinking so much deeper
feeling so much better
Drinking in the air
Dreaming that I'm only sleeping
Floating down and thinking
it's so much better here
Chorus

I am alive
Far from the sun
Lost in your (?)
I give myself to you

(?)
Now I know love
Nowhere to be
It's been so long, I'm free

Chorus x2
