One Night Stands

Marie Danielle

Money and guns ainâ€™t gonna help me fight emptiness
No cocaine rush , nothing strange from the pharmacist
But you my love, like a tear in my summer dress
No black machine gun gonna help get aside of this

Every baseball diamond, every plate of grass
Forgive my radio silence and my one night stands

Me and my dad had all them hours to waste
Drove around in his van, theyâ€™d scratch off lottos all day
Oh the money we burned, and the laughs that we had
All the money on earth ainâ€™t gonna bring it all back

Every baseball diamond, every plate of grass
All this radio silence and these one night stands

Every pawn shop diamond behind a pane of glass
There will be ambulance sirens and one night stands

One night stands
