

# The Party

[Regina Spektor](#)

You're like a party somebody threw me  
You taste like birthday  
You look like New Years  
You're like a big parade through town  
You leave such a mess but you're so fun  
Tell all the neighbors to start knocking down walls  
To grab their guitars and run out to the hall  
And we're coming out right along to sing 'em my new song  
For every place there is a bus  
That'll take you where you must  
Start counting all your money and friends before you come back again  
For every road we can't retrace  
  
For every memory we can't face  
For every name that's been erased  
Let's have another round  
May I propose a little toast?  
For all the ones who hurt the most  
For all the friends that we have lost  
Let's give them one more round of applause  
But you're like a party somebody threw me  
You taste like birthday  
You look like New Year  
You're like a big parade through town  
That leaves such a mess but you're so fun
