

# Ruin

## Seinabo Sey

I escaped you right on time  
Can't be partner in this crime  
Stars shot down the remnants of my dream\*  
Kissed like on a silver screen  
Cotton fields and beauty queens  
Nothing here was ever as it seemed Time has come to leave the line  
I can't sign your pledge this time  
Madness spread across the land as we,  
Saw the Devil hat of tricks  
We have cloves and crucifix  
He who stands for nothing falls alone You tighten the rope  
Watch the seasons grow  
You have made it clear  
Nothing for me here  
Said to each his own  
We all stand alone  
I'm just a brick in your ruin of love I'm just a brick, in your ruin of love  
I'm just a brick, in your ruin of love We have played these strings attached  
Out of key we didn't last  
Sunset in our never ending scene  
I held on to broken parts  
Love is but a poison dart  
Drenched in kerosene, I still believe You tighten the rope  
Watch the seasons grow  
You have made it clear  
Nothing for me here  
Said to each his own  
We all stand alone  
I'm just a brick in your ruin of love I'm just a brick, in your ruin of love  
I'm just a brick, in your ruin of love There is nothing more I need to say  
There is nothing more I need to say  
I'll forgive you but it's not that day There is nothing more I need to say  
There is nothing more I need to say  
I'll forgive you but it's not that day
