Under Silence

Spiritual Beggars

See days
Dawn under silence
Eyes cautiously
Follow face expressionsWell, it's easy to live in a lie
But I guess
It will be hard to die
With that wisdomBleeding, running blind
Dark meat rise
Eternal, the possible
Frozen under silenceWell, it's easy to live in a lie
But I guess
It will be hard to die
With that wisdomIt shines constantly
Inside the slaughterhouse
And from here I look out
Under silenceWell, it's easy to live in a lie
But I guess
It will be hard to die
With that wisdom
