Gain Control

Jungle Rot

Born into this life is their defense
Living their lives with no regrets
Before my time will pass
Resistance will not last
Now the world will feel my wrath

Innocence, their weapon of choice
Cut thoughts will never have a voice
A youth confused
Defy the way of our lives worthless
They deserve to die
Their minds
Destroy
Their minds
A ploy

Underground will arise
See the fear in their eyes

I will not let them gain control
I will not let them gain control
