

I Quit (Live at House of Blues CA)

[AJ McLean](#)

You're always bringing me down
Why did I always stick around?
You tell me how to feel
You tell me what to say
You say I gotta see things your way
I've gotta make a change
I've gotta get away
From my biggest mistake It's been a long time coming to this
Oh, wait don't tell me this is finally it
Never thought I could live without
I'll always sort it out You can't fire me, I quit! How does it feel to be wrong?
Fucking stupid for so long, yeah, yeah
So why you gotta yell
Don't you think I heard?
Always wanna have the last word
You say you're gonna leave
That I won't be the first
To hit you right where it hurts It's been a long time coming to this
Oh, wait don't tell me this is finally it
Never thought that I could live without
I'll always sort it out
You can't fire me, I quit! I can't believe that I
Put up with all the lies
The fights, the sleepless nights
Now Baby, it's my time
Gotta move on with my life, yeah! It's been a long time coming to this
Oh, wait don't tell me this is finally it
Never thought that I could live without
I'll always sort it out
You can't retire me, you don't get to fire me, you can't fire me, I quit!
Ooh, you can't fire me, I quit!
Ooh, you can't fire me, I quit!
