The Way You Want It

Tactical Thinking

From the shelter of your home
As you walk into the rain
Send a message that you know she'll hear
Though she's so far away
Even though you have been wrong before
She'll hear you now
You know she will
But you don't know how
From the shelter of the rain
As you walk into the tube
As you think of her you wonder
If she thinks about you too
Even though you've waited so long
To see the day
When she will turn to you again
So long my friend is what you say

And I don't know why you feel so bad
Where is the life you once had?
And still this horrid feeling
Grows and grows the way you want it to
Even though you've waited so long
To see the day
When she will turn to you again
So long my friend is what you say
And I don't know why you feel so bad
Where is the life you once had?
And still this horrid feeling
Grows and grows the way you want it to
You're a fool though, why you feel so bad?
Where is the life you once had?
And still this hollow feeling
Grows and grows the way you want it to
