

# When I Met You

David Bowie

You have just everything  
But nothing at all  
Now the moon is dark  
Feels like pain again  
You could feel my breath  
You opened my eyes  
For I could not see  
When I met you When I met you [You're feeling depressed]  
I could not speak [You're drowning in pain]  
You opened my mouth [You're walking in midst]  
You opened my heart [You're leaving again]  
My spirit shows [She tore you down]  
The marks and stains [Happens all the same]  
Could not exist [You were afraid]  
When I met you  
Now it's all the same  
It's all the same  
The sun is gone  
It's all the same  
But when I met you  
When I met you  
When I met you  
When I met you  
When I met you  
You were afraid [When I met you]  
She stole your heart [When I met you]  
You don't understand [When I met you]  
Should be ashamed [When I met you]  
You should have walked [I was the walking dead]  
She tore you down [I was kicked in the head]  
She tore you down You actually become the center of my world  
The seams of my life  
The streams of daydream  
Like the wounds of a friend  
Another the kiss of a foe  
The pack of a blackened eye  
A life or the crown When I met you  
I could not speak  
How I met you

Then I met you  
My spirit grows [You're feeling again]  
My kind of truth [You're drowning in pain]  
Could not exist [You are afraid]

When I met you  
How It's all the same  
It's all the same  
The sun is gone  
It's all the same  
But when I met you  
When I met you  
When I met you  
When I met you
