

Come Back Home (reprised)

Hawthorne Heights

Come back home you're all alone
Everyone is waiting for
The words to say
To make you stay
To keep you in their arms

Hold still so I can feel the words that hurt, that hit, that kills
The latest fight that lasts all night
Turn off the lights and leave right now

[Chorus]
I know, I know
I'm too slow to catch you here
I know that she knows
She's running far far from me

Come back home
Pick up the phone
Or just call my name out loud
So I can hear, so loud and clear
Our time is running, running out

[Chorus]
Slow down, or not
So I can catch you now
Slow down, or not
So we can work this out

I'm cold and tired
Let's start a fire
And then we'll fall asleep
You and me, oh, you and me
I'm cold tired, let's start a fire
And then we'll fall asleep
You and me, oh, you and me

Forget what you're not, not what you lived.
I know where you are I know you got there.

[Chorus]

Slow down, or not
So I can catch you now
Slow down, or not
So we can work this out
