

Remote Control

The Clash

Who needs remote control
From the Civic Hall
Push a button, activate
You gotta work an' you're late It's so grey in London town
Panda car crawling around
Here it comes, eleven o'clock
Where can we go now? Can't make no noise
Can't get no gear
Can't make no money
Can't get outta here Big business, it don't like you
It don't like the things you do
They got no money, they got no power
They think you're useless so you are punk They had a meeting in Mayfair
They got you down an' they wanna keep you there
It makes them worried, their bank accounts
It's all that matters, it don't count Can't make no progress
Can't get ahead
Can't stop the regress
Don't wanna be dead Look out' those rules and regulations Who needs the Parliament
Sitting making laws all day
They're all fat and old
Queuing for the House of Lords Repression, gonna start on Tuesday
Repression, gonna be a Dalek
Repression, I am a robot
Repression, I obey
