

# San Diego Song

## The Coronas

We sleep all day and we drink all night  
We are not wasting our time  
We refuse to hide, we're going out tonightSingle in San Diego - 6 weeks just wasting time.  
We moved in with the girls and left it all behind  
So what's wrong with this life you say it's not enough,  
What does it feel like? You think you're better than us.'Cause we sleep all day and we drink all night  
We are not wasting our time,  
We refuse to hide, we're going out tonightLonely in San Diego, just don't let it get you down  
'Cause I've been there before but I know better now.  
Just one last storm before the calm while we're still young  
Yeah we know yeah we understand what needs to be done.  
'Cause we sleep all day and we drink all night  
We are not wasting our time,  
We refuse to hide, we're going out tonight
