The Young Ones

Cliff Richard

The young ones Darling, we're the young ones And young ones Shouldn't be afraidTo live, love While the flame is strong 'Cause we may not be the young ones Very longTomorrow Why wait until tomorrow? 'Cause tomorrow Sometimes never comesSo love me There's a song to be sung And the best time is to sing While we're youngOnce in every lifetime Comes a love like this Oh, I need you and you need me Oh, my darling, can't you see? Young dreams Should be dreamed together And young hearts Shouldn't be afraidAnd some day When the years have flown Darling, then we'll teach the young ones Of our ownOnce in every lifetime Comes a love like this Oh, I need you and you need me Oh, my darling, can't you see? Young dreams Should be dreamed together And young hearts Shouldn't be afraidAnd some day While the years have flown Darling, then we'll teach the young ones Of our ownThe young ones Darling, we're the young ones The young ones Darling, we're the young ones
