Hallelujah

Ramp

Holy lines
Bible vine
Spring almighty voice
Shared faith
Common grace
Light upon a different choice
Moral rules distinct tools
Frame divine approach
Modern trails classic tales
Sail upon this sacred coastA belief so divine purified spell
Congregates human race
On his own created hellHallelujah
HallelujahRoman church
Leading curse
Preaching middle age
Confiscates human life
Through a simple condom cage
New born sekt's
Growing facts
That can't be refused
Issue of a social life
Of an abyss we accuseA belief so divine purified spell
Congregates human race
On his own created hellHallelujah
Hallelujah
