

# Lite Skinned Freckle Face

Tq

Mmm

Yeah, this is for mother  
This one right here goes out to my favorite girl  
Me? I call her Lite-skinned freckle face  
(I love my mama)  
Yes indeed, love her to death (my mama)  
So baby girl, check this out  
Tell me if you like it (my mama)  
She came from a broken home  
(Nothin' really positive)  
Back in the day, it was a lot of drama goin' on  
(But she'd always find a way to deal with it)  
Never knew if she would make it through  
Occupation, situation got you crazy boo  
But when you had me, you had a soldier too  
Don't you worry 'bout a thing 'cause I got you  
Just wanna take your time  
To tell ya how I feel  
(How I feel)  
Girl I just wanna thank you  
For keeping me real  
I really love u mama  
(Chorus)  
I love my Lite-skinned freckle face  
Always spread love all over the place  
(Over the place)

When Im almost lost you show me the way  
Just wanna take a minute to say  
I love my Lite-skinned freckle face  
Believe me I heard everything u say  
And I keep you with me baby everyday  
So I know Im gonna be O.K.  
I love my mama  
Fried chicken, rice and red beans  
(Damn, I miss Sunday)  
All the times I used to dream about havin' thangs  
(You always told me to be patient, it'll happen one day)  
With the rest of your Mary put a dent in the bag

And when you put me in the wagon to the laundry mat  
Way back when I was the little man of the houseU was the woman I was all about  
And I just wanna take the time to tell ya how I fell  
Just to tell you how I feel  
For keeping me real  
I really love u  
(Chorus)  
Now its 20 years later  
And shies the only girl for me  
I treak a million dollars just to make u happy  
If I had it  
Listen here  
I say a l
