

# Messin' Around

## Dominic Frontiere

If it's pure and it's simple  
Does it make it right?  
Like I always said child  
Life is hardly black and white  
When you're(Messin')  
    Messin' around  
    (Messin')  
Messin' aroundGirl slide up to you  
    Lightening bolts in her eyes  
    You know her actions  
    Speak louder than words  
You know that it's hard to fight(Messin')  
    Messin' around  
    (Messin')  
Messin' aroundSo keep coming on baby  
    Keep coming on strong  
    Maybe you can save me  
But before too longWe'll be coming on baby  
    We'll be coming on strong  
My dead eyes will open to light in this world  
    Before too longIf it's pure and it's simple  
    Does it make it right?  
    Like I always said my child  
Life is hardly black and white(Messin')  
    Messin' around  
    (Messin')  
Messin' aroundSo keep coming on baby  
    Keep coming on strong  
    Maybe you can save me  
But before too longWe'll be coming on baby  
    We'll be coming on strong  
My dead eyes will open to light in this world  
    Before too longSo keep coming on baby  
    Keep coming on strong  
    Maybe you can save me  
But before too longWe'll be coming on baby  
    We'll be coming on strong  
My dead eyes will open to light in this world  
    Before too long(Messin')

Messin' around

(Messin')

Messin' around
