

Buildings and Treetops

[Nell Bryden](#)

Everything is packed away, boxes labelled with your name,
I can't believe you're gone
Your favourite records that we'd listen too, little souvenirs of you
I'm trying to stay strong,
Cuz only night times bring a sweet release
When you come back to me in my dreams
I'm high above buildings and treetops my love
But you're with me buildings and treetops beneath Waking up I come crashing down
When I realise you're not around
It's hard to face the day
They all mean well I know they care
But losing you just isn't fair
No words that they can say
Cuz now the night time is my only peace
When you come back to me in my dreams I'm high above buildings and treetops my love
But you're with me buildings and treetops beneath You say don't go stay with me
Baby don't go stay with me
We never need to return so leave it far below
Stay, stay with me
I'm still trying to work out what it means
But at least I see you in my dreams
I'm high above buildings and treetops buildings and treetops
I'm high above buildings and treetops my love
But you're with me buildings and treetops
High buildings and treetops beneath
