You Little Liar

Black Star Riders

You little liar
Lying through your teeth
You little liar
Why should I believe?
You little liar
You're just a common thief
You little liar
You little cheatI don't need you to set me free
I want you to know
That I'm through
Through pulling you
Out of the fire
Pull me into the flames
You see I'm through
Through pulling you
Out of the fire
So pull me into the flames
You little liarYou little liar
Now I know the truth
You little liar
You're born to lose
You little liar
I'm done being used
You little liar
You little fool
I don't need you to set me free
I want you to knowThat I'm through
Through pulling you
Out of the fire
Pull me into the flames
You see I'm through
Through pulling you
Out of the fire
So pull me into the flames
You little liarMaybe, someday, sometime, somewhere
Somebody will pick you up
And hang you out to dry
This self-delusion
Is so confusing

Your dirty little white liesI'm through
Through pulling you
Out of the fire
Pull me into the flames
You see I'm through
Through pulling you
Out of the fire
So pull me into the flames
You little liar
