No One Else but You (Feat. Atlas Genius)

Little Daylight

You say you're a Libra
Well I'm a non-believer
Your plans make a cynic out of youQuiet and tongue-tied
You find me after midnight
I waited for the moon to fall on you
'Cause that spirit is around you
I knew it when I found you
Woah-oh-oh
So many things about you
I put my arms around youBecause there's no one else but you
Yeah there's no one else but you
Because there's no one else but youI dream of a night ride Silver with a side life
I wish we had a way to raise the dawn
An echo, a whisper
Summer in the winter
I haven't had this feeling for so long'Cause that spirit is around you
I knew it when I found you
Woah-oh-oh
So many things about you
I put my arms around youBecause there's no one else but you
Yeah there's no one else but you
Because there's no one else but you
Because there's no one else but you
Yeah there's no one else but youBecause there's no one else but you
I could spend forever wanting you
You know I'll spend forever wanting you
I will spend forever just for youYeah I'll spend forever wanting youBecause there's no one else but you
Yeah there's no one else but you
Because there's no one else but you
Because there's no one else but you
Yeah there's no one else but you
Because there's no one else but you
