White Butterfly
By: Desi Oakley

[Verse 1]
Life gets hard
But itâ€™s all fleeting
And things go wrong
Just keep believing
Everythingâ€™s harder when times are tough
But all thing that go down must come up
They have to
[Refrain]
Thereâ€™s a white butterfly in my window
And itâ€™s cold outside
Thereâ€™s a knew feeling deep in my soul
And I just canâ€™t hide it
He went away yesterday, and everything seemed wrong
But with one sign of hope I can say that I know Iâ€™m right where I belong
[Verse 2]
Take the time to rediscover
Itâ€™s just one foot
After the other
Sometimes the only way out is through
So get up keep trying
Itâ€™s all up to you
[Refrain]
Thereâ€™s a white butterfly in my window
And itâ€™s cold outside
Thereâ€™s a knew feeling deep in my soul
And I just canâ€™t hide it
He went away yesterday, and everything seemed wrong
But with one sign of hope I can say that I know Iâ€™m right where I belong
[Bridge]
Those things that shake me
I wonâ€™t let them break me
Maybe they make me who I am
Those things that shake me
I wonâ€™t let them break me
Maybe they make me who I am

[Refrain]
Thereâ€™s a white butterfly in my window
And itâ€™s cold outside
Thereâ€™s a knew feeling deep in my soul
And I just canâ€™t hide it
He went away yesterday, and everything seemed wrong
But with one sign of hope I can that I know Iâ€™m right where I belong
[Refrain]
Thereâ€™s a white butterfly in my window
And itâ€™s cold outside
Thereâ€™s a knew feeling deep in my soul
And I just canâ€™t hide it
He went away yesterday, and everything seemed wrong
But with one sign of hope I can that I know Iâ€™m right where I belong
[Refrain]
Thereâ€™s a white butterfly in my window
And itâ€™s cold outside
Thereâ€™s a knew feeling deep in my soul
And I just canâ€™t hide it
He went away yesterday, and everything seemed wrong
But with one sign of hope I can that I know Iâ€™m right where I belong
Yeah
Thereâ€™s a white butterfly in my window
